# Payday has never been easier.

When we manage your payroll you get a wide array of input, payroll and report options. And of course you can rely on us to provide prompt, accurate tax filing services along with personal customer service from an experienced professional whenever you have a question. You will enjoy the freedom to choose the method of submitting payroll data that works best for you: online, email, telephone, or fax.

There are many different payroll options available to you including direct deposit, onsite check and voucher printing and manual check writer. There are over 800 reports available, giving you the information needed to manage your business. Payroll reports can be created by any date range and grouped by employee, department, or even location. We also handle full tax filing for you, guaranteeing the accuracy and timeliness of filing and depositing all federal, state and local taxes. Actual copies of all returns and forms are available online.

Specializing in payroll processing, tax filing and human resource administration solutions, we can help your company maximize efficiency while reducing bottom line costs. Our team strives to provide the highest quality of customer service with our state-of-the-art technology and cutting-edge, scalable solutions to fit your business needs.
